Abstract (Basic): RU 2008013 C

Herbal mixt., contg. anti-allergenic, expectorant, broncholytic and anti-inflammatory components derived from various plant parts.

The mixt. includes extracts from the following plants: Potentilla, Calendula, yarrow, tansy, elecampane, sage, betony, sweet clover, cinquefoil, thyme, violet, pansy, burdock, celandine, mullein, willow herb, horsetail, bur marigold, ground ivy, sweet flag, veronica, birch, origanum, cow wheat, liquorice, eucalyptus, linden, plantain, St. John's wort, nettle, knotweed, lilac, pine, dandelion, dog rose, coltsfoot, lungwort and peppermint.

USE - For treatment of bronchial asthma. The dosage is daily injection of one tablespoon of hot herbal infusion for 10-20 days.

ADVANTAGE - More pronounced symptomatolytic and pathogenetic effects in treating bronchitis.
